MESSAGE FROM THE PRESIDENT

As we approach Stockton University's 50th anniversary in 2021, we have much to celebrate. Enrollment continues to grow as we expand from our beautiful Pinelands location to our spectacular Atlantic City campus and other instructional sites. Growth brings both opportunities and challenges. The FY 2020 Operating and Capital Budget addresses them both.

This budget reflects Stockton's vision and mission and is aligned with the goals of the Strategic Plan. We will continue to provide opportunities for all students to access an affordable and high-quality education that prepares them to succeed in a multi-cultural, interdependent world. The budget provides for the growth and expansion of our academic, technological, and cultural programs, a high-quality faculty and staff, and capital projects and improvements.

It also reaffirms our commitment to affordable tuition and financial assistance for our students and acknowledges the challenges of limited state funding growth. The FY 2020 budget is the culmination of the hard work and input of many stakeholders. It provides us with a fiscally-responsible plan and the resources to achieve our goals.

FY 2020 OPERATING AND CAPITAL BUDGET

EXECUTIVE SUMMARY

Strategic Plan Goals:

Stockton University is in the process of developing its Strategic Plan through 2025. The Plan will be the culmination of numerous planning sessions and open forums that were conducted throughout FY 2019. It will represent the voices of all stakeholders, while embodying the University's vision and mission. The Plan will serve as a strategic compass to guide our University over the next five years and beyond.

The Strategic Plan will address the following six areas of focus upon which the University can build and grow:

1. Inclusive Student Success
2. Diversity and Inclusion
3. Teaching and Learning
4. Strategic Enrollment Management
5. Financial Sustainability
6. People, Communication, and Shared Governance

The Strategic Plan is expected to be finalized and presented to the campus community during the 2019-2020 academic year.

FY 2020 Budget Overview:

Stockton University is pleased to present its FY 2020 Operating and Capital Budget. The FY 2020 budget is comprised of:

1. University Operating – This encompasses the largest portion of the operating budget and includes both the Galloway and Atlantic City campuses. All undergraduate, graduate, and post-graduate activities are included within the University budget.
2. Auxiliary Operating – Includes Housing.
3. Agency Operating – Includes Health and Student Activity.
4. Internal Capital – This comprises capital projects, such as Academic and Housing.
5. Grants Operating – Designated for grant-funded programs that have specific funding sources to cover program expenses.
6. Special Programs Operating – Designated for self-funded programs that have specific funding sources to cover program expenses.

The FY 2020 Operating and Capital Budget includes several significant changes. The first change was Stockton's decision to reallocate its fees into the tuition. Another change that resulted from the realignment of fees to tuition is the consolidation of the Athletics and Recreational Program budgets. A third item that is reflected in the FY 2020 operating budget is the implementation of zero-based budgeting for non-salary expenses only. Stockton University introduced a zero-based budgeting pilot program for FY 2020. Participants in the pilot program include various departments in several divisions, and one school. The goal of this initiative is to help improve cost

efficiency since the budget is driven by program needs. Each participating department was required to start from a “zero base” and justify every budgetary request.

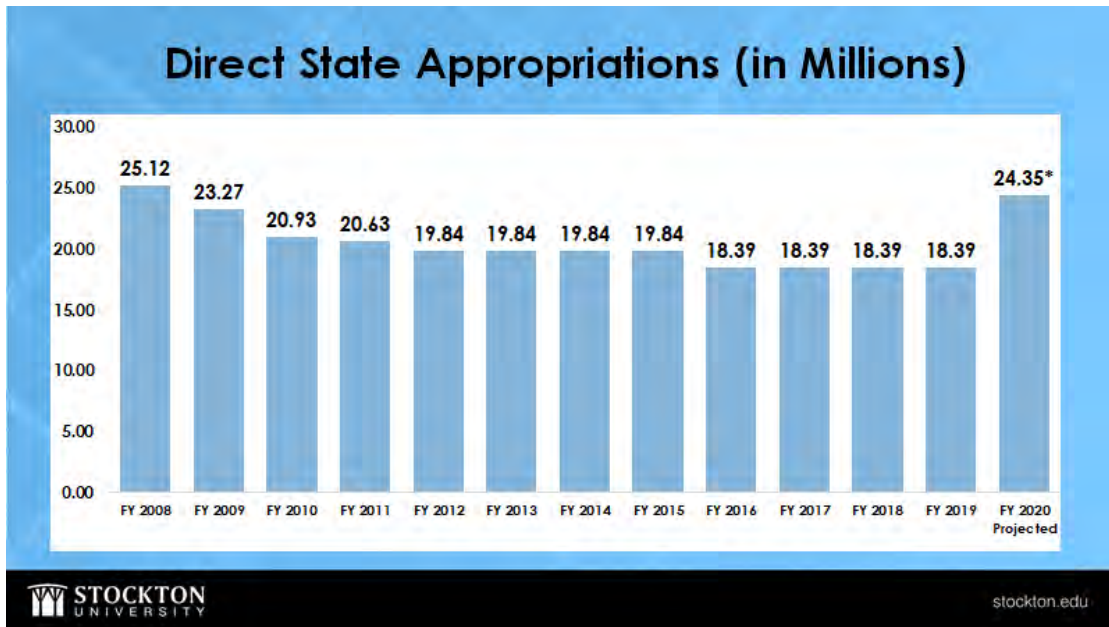

The FY 2020 Operating and Capital Budget process was a collaborative effort involving a wide range of stakeholders. The goal of this process was to effectively meet the University community’s needs while simultaneously developing an affordable and balanced budget that can be maintained. The University’s vision and mission provided the foundation throughout the decision-making process.

State Appropriations:

Stockton University is projected to receive over \$24.3 million in operating aid in FY 2020. This includes over \$19.7 million in Direct State Appropriation and an additional \$4.6 million that was passed by the New Jersey Legislature. The \$4.6 million is being held in reserve per the State of New Jersey Executive Order 73.

The FY 2020 Direct State Appropriation funding will mark Stockton’s first increase in more than 10 years. The FY 2020 State Budget includes outcomes-based funding that encompasses: (a) the total number of degrees awarded in the most recent fiscal year (FY 2018), (b) the total number of under-represented racial/ethnic minority degrees awarded (FY 2018), and (c) the number of low-income students using financial need-based aid (e.g. Pell grant recipients).

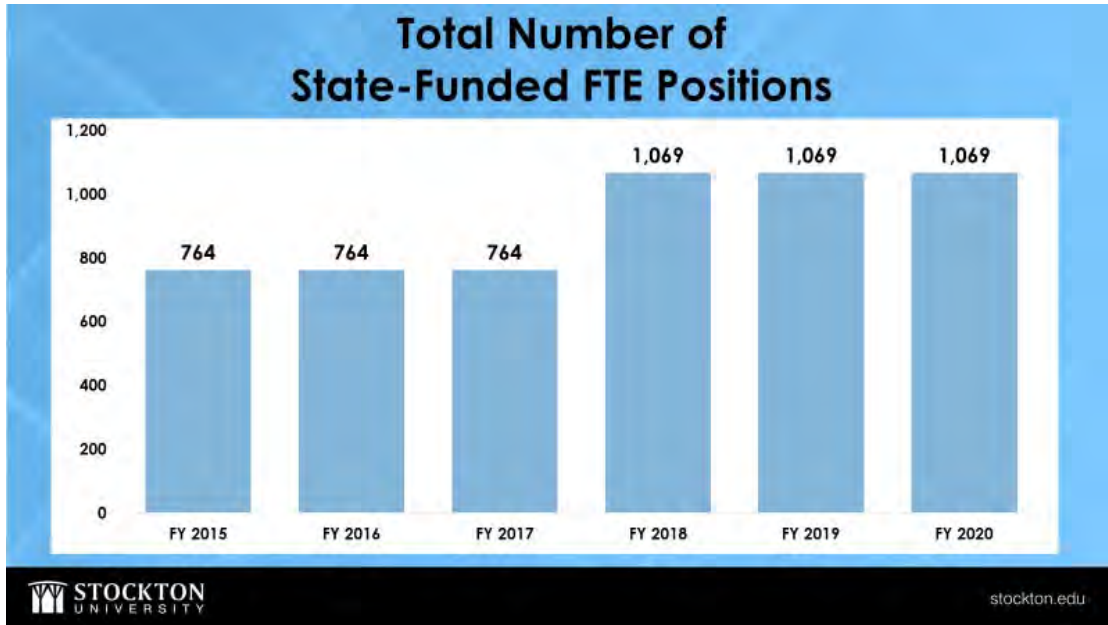

The chart below depicts the Direct State Appropriations received since FY 2008.

* Includes \$4.612 million held in reserve per State of New Jersey Executive Order 73.

State-Funded Positions:

On March 5, 2019, Governor Phil Murphy delivered his FY 2020 State Budget Address. The State's FY 2020 Budget supports Stockton University by maintaining its 1,069 state-funded positions. These positions ensure that students continue to receive the access and services that they deserve. The chart below demonstrates a six-year history of Stockton's State-funded positions.

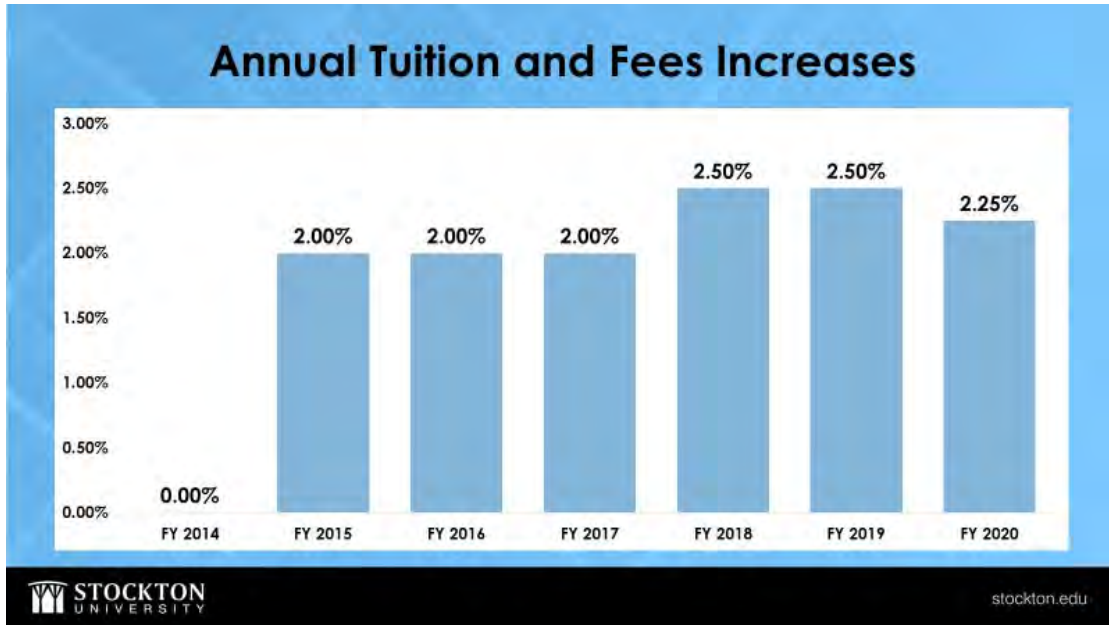

Tuition and Fees Increases:

Stockton University is committed to its mission of excellence in teaching, support of scholarship, and dedication to service. Stockton pursues these goals through an interdisciplinary approach to learning that provides students with a high-quality, diverse educational experience at the baccalaureate, master's, and doctoral levels. To help accomplish this goal, the University has maintained competitive, yet affordable tuition rates and fees among the New Jersey public institutions of higher education.

One of the significant changes in FY 2020 was Stockton's decision to reallocate its fees into the tuition. This shift does not increase the aggregate amount of tuition and fees. Student fees will include: Student Life, Student Activity, and a Facilities fee. This fees to tuition initiative coincides with the latest trends of other four-year, comprehensive public colleges and universities.

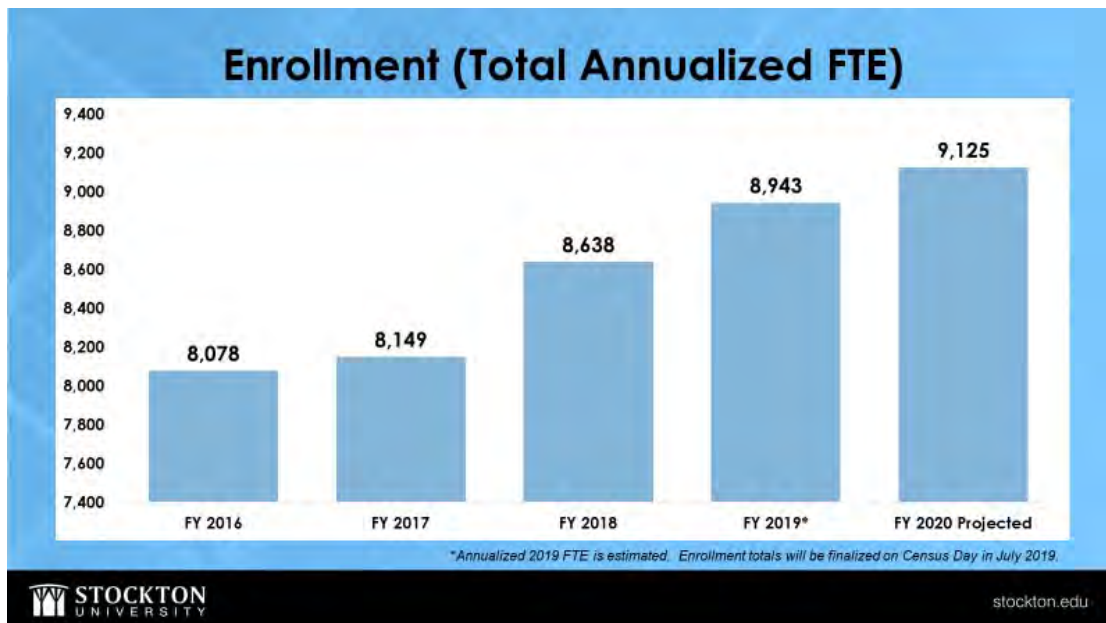

To continue to provide Stockton students with a high-quality education and services, the University elected to increase its overall tuition and fees by 2.25% in FY 2020. Despite the

increase, Stockton’s rates remain competitive with the other New Jersey four-year, senior public colleges and universities.

Enrollment:

Stockton University’s total annualized full-time enrollment (FTE) is projected to reach 9,125 in FY 2020. The new, state-of-the-art academic buildings on both the Galloway and Atlantic City campuses will help to maintain small, personalized class sizes, while continuing to expand offerings in high-demand science and allied health fields. The FY 2020 cost of \$14,047 for tuition and fees for undergraduate, full-time students remains affordable among the four-year, public colleges and universities.

Scholarships:

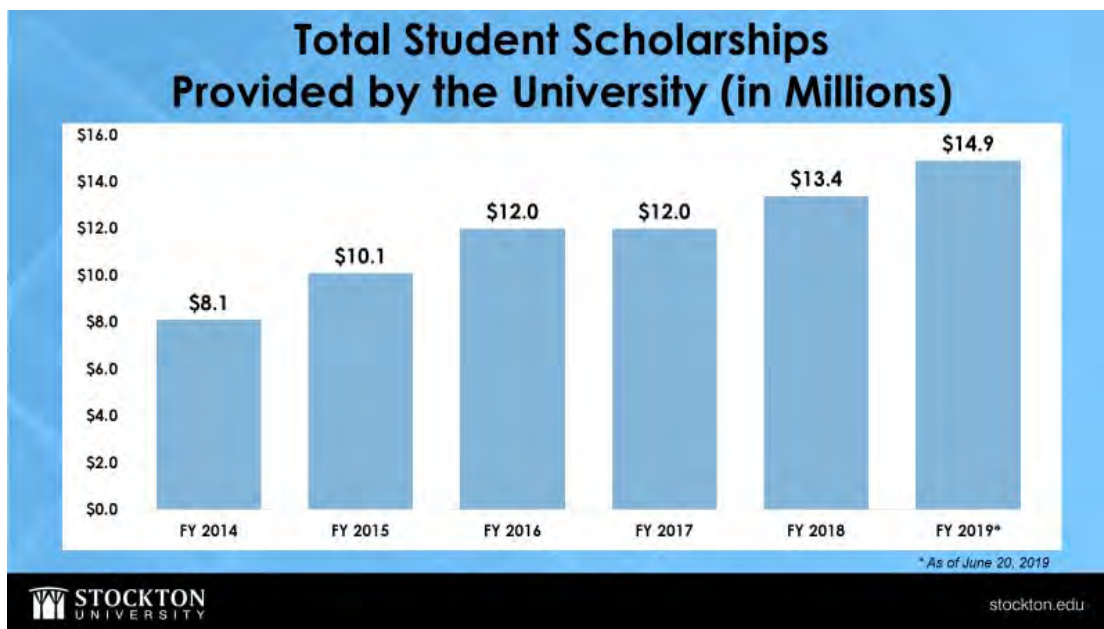

Stockton University is proud of its Student Scholarship Program. To help offset the increasing financial needs of its students, the University awarded \$14.9 million in both University and Foundation-sponsored scholarships in FY 2019. Stockton plans to increase its level of commitment in FY 2020 by offering an additional \$1.8 million in scholarships for institutional merit and need-based aid for first-year students. The anticipated \$16.7 million in FY 2020 scholarships will help to reduce student debt after graduation.

Nearly 90% of Stockton students receive financial aid. A dedicated Foundation also helps to supplement student costs. Through the support of both financial aid and University- and Foundation-funded scholarships, one of Stockton's goals is to increase graduation and student retention rates in FY 2020.

Studies suggest that graduation and retention rates could improve by awarding student scholarships. According to the Integrated Postsecondary Education Data System (IPEDS) 2017 Graduation Rates Survey, Stockton University had a 54% four-year graduation rate in 2017, compared to the New Jersey average of 46.3% for public colleges and institutions. In 2018, Stockton's four-year graduation rate increased to 58%.

In addition to graduation rates, Stockton University is also dedicated to increasing student retention rates. Stockton's fall 2017 third semester retention rate was 85.4% for the freshman cohort, which exceeds the national average for public, four-year institutions.

Since FY 2014, Stockton has increased its scholarship awards by \$6.8 million, or 84%. The University is pleased to provide financial support to its students, while simultaneously aiming to improve both graduation and retention rates. The chart below illustrates the University's commitment to the Student Scholarship Program over the past six fiscal years.

RESOLUTION**

**TUITION RATES AND CLINIC FEES FOR PRIVATE APPLIED MUSIC LESSONS IN THE
SCHOOL OF ARTS AND HUMANITIES**

WHEREAS, the College's School of Arts and Humanities has developed a program of private applied music lessons that are required for music majors and will be available to other students; and

WHEREAS, these lessons will primarily be taught by music teachers from the surrounding community who are not currently under contract with the College, with general oversight being provided by regular faculty of the College; and

WHEREAS, payments to Stockton faculty for teaching related activities are terms and conditions that must be negotiated pursuant to New Jersey Employer-Employee Relations Act, N.J.S.A 34:13A-5.3, and

WHEREAS, these lessons will be one lesson every other week for forty-five minutes, for a total of eight lessons per semester; and

WHEREAS, each semester of lessons will be a separate one-credit course; and

WHEREAS, these lessons will entail additional expenses for the College that should largely be borne by the students taking them; therefore be it

RESOLVED, that the Board of Trustees approves a clinic fee of \$400 to be charged per semester for each student taking private applied music lessons; and be it further

RESOLVED, that the following provisions be applied to tuition and academic fee charges for one-credit private applied music lessons:

All students will pay the \$400 clinic fee in addition to their regular tuition and fees.

1. Full time students will pay the regular tuition and fee charges plus the clinic fee.
2. Part-time students on campus will pay the regular tuition and fee charges for one credit plus the clinic fee.
3. Part-time students taking private applied music lessons off-campus will pay an all-inclusive tuition rate of \$100.00 plus the clinic fee.

PRIVATE APPLIED MUSIC GUIDELINES

Private Applied Music is a 1-credit course that all students can take each term (required for music majors) while they are at Stockton. The course is repeatable up to a maximum of eight credits towards degree requirements (three credits within any calendar year). The course will be taught primarily by non-Stockton faculty under the following guidelines:

1. The coordinator of each concentration (Classical Music Studies, Jazz Studies, and Vocal Music Studies) will oversee the logistics for each student. He or she will provide the student with a list of qualified instrumental or vocal music instructors from which the student may choose according to his or her individual abilities. The coordinator may ask the student to audition for placement purposes only.
2. There will be a clinic fee charged to the student of \$400 per 1-credit course. This will be paid to Stockton at the beginning of each semester, in addition to any other tuition and fee charges. The clinic fee compensates the instructor for 8 lessons. The instructor will be paid by Stockton.
3. For any student not on flat-rate tuition there will also be a \$100 per one credit all-inclusive tuition charge. Part-time students whose instruction occurs on campus will pay the usual per-credit tuition and fees for one credit. Full-time students will not pay this charge whether they receive instruction on or off campus, unless they have reached the maximum number of credits allowed per term.
4. There will be one 45-minute lesson every other week for a total of 8 lessons during the term.
5. The student must take a minimum of 8 lessons to earn credit for the course. If a lesson is missed for any reason, the student must arrange a make-up lesson with the instructor.
6. The course will be offered at the 1000 level and will be given POI (permission of instructor). The student will obtain the POI from the appropriate coordinator and may be asked to perform a brief audition, as provided above.
7. At the end of the semester students will perform one or two pieces in a collective, public performance on the Stockton College campus. The Music faculty will determine the student's final grade based on the student's progress toward achieving specific goals as outlined on the course syllabus, and on the instructor's written evaluation.

Description of Speech Pathology and Audiology Clinic Fees

Audiological Evaluation

A \$100.00 fee is charged for an initial assessment of auditory status conducted by a licensed/certified audiologist. Student clinicians will assist in the evaluation. The evaluation may encompass the following: pure tone threshold testing (air conduction and bone conduction), speech discrimination testing, and speech reception threshold. This price allows Stockton to stay competitive with the surrounding markets, but still reflects a significantly reduced cost to the community.

Audiological Follow-Up Evaluation

A \$50.00 fee is charged for a follow-up audiological evaluation after an initial audiological evaluation, as recommended by an audiologist or physician. This would include the screening protocol (air conduction and DPOE) for hearing. If any red flags are discovered at the time of the screening that warrant a full diagnostic evaluation, a full audiological evaluation will be completed at that time at the re-evaluation cost.

Central Auditory Processing Evaluation

A \$350.00 fee is charged for an assessment of central auditory status conducted by a licensed/certified audiologist. Student clinicians will assist in the evaluation. The evaluation involves a battery of tests that may include the following: speech discrimination testing, Staggered Spondaic Words test, Pitch Pattern/Duration test, Phonemic Synthesis test, Filtered Words test, Random Gap Detection test, Dichotic Digits test, and Competing Words test. This will also include a complete audiological evaluation, which alone would cost \$100.00. The price allows Stockton to remain competitive with the surrounding markets (range is \$400 - \$700), while still offering a significantly reduced cost to the community.

Speech/Language Initial Evaluation

A \$120.00 fee will be charged for initial diagnostic testing to assess the status of language development, articulation, fluency, voice, or language impairment conducted by student clinicians under the direct supervision of a licensed/certified speech-language pathologist.

Speech-Language Therapy Registration Fee (per semester)

The Stockton University Speech and Hearing Clinic (the Clinic) does not charge a fee per session, but instead charges a registration fee of \$250.00 per client per semester for enrollment. Once a client is enrolled, this fee will cover (as appropriate) an initial evaluation and any subsequent re-evaluations that may occur during a single semester as recommended by the Clinic. It will also cover all therapy sessions (group or individual) as recommended by the Clinic. If a client only requests an initial speech/language evaluation, the cost will be \$120.00 for that service. If the client subsequently enrolls for therapy services, as recommended by the initial speech/language evaluation, the initial speech/language evaluation fee will be subtracted from the registration fee for the semester.

Support Group Registration Fee

A \$20.00 fee will be charged for clients of the clinic and their significant others to attend a series of group sessions. They will receive support and information on adapting to the diagnosis of a communication disorder.
