For more information, reference EPA's Public Notification Rule Compliance Help for Water System Owners and Operators website at: <https://www.epa.gov/dwreginfo/public-notification-rule-compliance-help-water-system-owners-and-operators>.

4. Content – 10 Required Elements Checklist: 40 CFR 141 Subpart Q (Ensure all items are included in the notice)

- ☒ Description of violation or situation including contaminant and contaminant levels as appropriate.
- ☒ Date violation or situation occurred.
- ☒ Potential adverse health risks, using mandatory language provided in the rule.
- ☒ Required language for Monitoring and Reporting Violations, provided in the rule.
- ☒ The population at risk, including sub-populations particularly vulnerable if exposed.
- ☒ Whether alternate water supply should be used.
- ☒ What action consumers should take, including when to seek medical help, if known.
- ☒ What the system is doing to correct the violation or situation.
- ☒ When the system expects to return to compliance or resolve the situation.
- ☒ Contact information: Owner name, business address, and phone number of the water system owner, operator or designee that can provide additional information concerning the notice.
- ☒ A statement encouraging recipients to distribute the notice to other persons served, using standard language from the rule.

5. ☒ Attach a copy of the completed Public Notice(s) to this certification form. The public water system named above hereby certifies that public notification has been provided to its consumers in accordance with all delivery, content, and format requirements specified in 40 CFR Part 141 and NJAC 7:10.
