B.A. in Visual Arts K-12 Certification Track

The Interdisciplinary Visual Arts Certification Track is designed for those students seeking to earn a B.A. in Visual Art with Teacher Certification. Although the university requires a 2.00 cumulative G.P.A., a 3.0 cumulative G.P.A. is the minimum requirement for NJDOE Certification. A grade of "C" or better is required in all ARTV courses and a "B-" or better in all professional education courses. (For a list of all education requirements, including Praxis Core and Praxis II tests, refer to the Teacher Education section of the Bulletin.) The student is responsible for ensuring that all graduation and teacher certification requirements are fully met. Students should consult with their designated preceptors in both ARTV and EDUC on a regular basis.

IMPORTANT NOTICE- As of November 2015, the New Jersey Department of Education has adopted updates to requirements for teacher preparation curriculum, clinical experience, and clinical practice leading to teacher certification. Candidates seeking certification in any area are encouraged to check the School of Education website (www.stockton.edu/educ) for updates to the program that will begin to take effect September 2017. <http://www.stockton.edu/educ>

Note: 1.) If a student wishes to opt out of the Visual Arts K-12 Certification Track, additional courses may be required to complete a B.A. in ARTV. 2.) Students should avoid taking 4000-level ARTV courses in the same semester as EDUC 4608 Methods of Teaching Art (4 credits) and EDUC 4990 Student Teaching (10 credits).
