MBA Program
 School of Business | Stockton University
 H-118 | 609-652-4534

The following is a **suggested** plan of study for completion of this degree program.

The **goal of a Degree Map** is to ensure that students graduate with no more than 36 credits and in six semesters.

- All students should speak with their preceptor about their academic programs.
- The MBA program is a year-round program. Students are expected to take summer courses to facilitate their progress towards graduation.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor when applying to the program to determine if any credits can be transferred.
- To facilitate your progress through the program, there are two recommended options for proceeding effectively through the MBA, both of which are outlined below, and neither of which are preferred over the other.
