

Do you want to supervise an audiology or speech-language pathology student but don't know where to start?

Are you an experienced supervisor/preceptor looking to deepen your skills in clinical education?

Stockton University's Master of Science in Communication Disorders (MSCD) program is pleased to offer all their clinical educators the opportunity to participate in a series of clinical education/supervision eLearning courses!

The Council of Academic Programs in Communication Sciences and Disorders (CAPCSD) has you covered, offering FREE courses that address the basic foundations of clinical supervision, developing effective relationships, giving feedback in the clinical environment, and assessing student performance. Each course contains 5 modules. These ASHA CEU-approved courses provide you with the opportunity to learn and grow as a clinical educator. For more information on course content, go to <https://www.capcsd.org/elearning-courses/>.

Use the following web links to register for each course, where you can sign up, create a user login/password, and **enter a valid ASHA number to receive CEUs**.

- Foundations of Clinical Education
<https://www.pathlms.com/capcsd/courses/21495>
- Effective Student-Clinical Educator Relationships <https://www.pathlms.com/capcsd/courses/21574>
- Feedback in the Clinical Education Environment <https://www.pathlms.com/capcsd/courses/21579>
- Assessing Student Performance
<https://www.pathlms.com/capcsd/courses/21586>

Let the learning begin!

Regards,
CAPCSD Clinical Education Committee
