

Accelerated Bachelor of Science in
NURSING

Accelerated Bachelor of Science in Nursing | BSN

ABOUT THE PROGRAM

Benefits of the Bachelor of Science in Nursing Program:

- Experienced Faculty - Our faculty are dedicated to teaching, scholarship and the preparation of students for careers in professional nursing.
- History of Success - We have a proven track record of supporting students through program completion, effectively preparing them for the NCLEX exam and helping them secure professional nursing positions.
- Facilities - Stockton features fully equipped labs, electronic classrooms and a state-of-the-art simulation suite. Student clinical placements include magnet-designated medical centers, specialty hospitals and community agencies to enhance the student educational experience.

Care of the Adult III with Clinical (8)

*** Students must earn a grade of C or higher in all required sciences, general studies, and all non-clinical nursing courses to progress. Students must earn a grade of C+ or higher in all clinical nursing courses to progress.**

ADMISSIONS REQUIREMENTS

Meeting the following minimum conditions does not guarantee acceptance because the program does not have the capacity to accept all qualified students. Students with earned baccalaureate degrees or higher must have a GPA of 3.5 or better and must have earned credits in the following courses: English I & II, Intro to Psychology, Life Span Development, Statistics, Nutrition, Inorganic and Organic Chemistry, Microbiology, Anatomy & Physiology I & II, and Ethics. Non-science courses must have been taken at a regionally accredited institution, must have been taken for a letter grade (A-F; a grade of P will not be accepted), and the grade earned must be a C or higher (where the C grade has the numerical equivalent of at least 2.0 on a 4.0 scale). Stockton University accepts the transfer of credits earned on the basis of course equivalency, which is the determination that a course taken at another college or university is comparable to a course offered by Stockton in terms of objectives, learning outcomes, and educational level. The pass/no credit option will not be accepted for Stockton University ABSN prerequisite courses. Please note that we no longer accept CLEP scores, Advanced Placement, or ACE credits for prerequisites for the program.

Science courses: Science courses must be 5 years old or less for transfer. The Nursing Entrance Exam (NEX) will be required for admission for those students whose science courses are more than 5 years old. All prerequisite science courses must have been taken at a regionally accredited institution, must have been taken for a letter grade (A-F; a grade of P will not be accepted), and the grade earned must be a C or higher (where the C grade has the numerical equivalent of at least 2.0 on a 4.0 scale) in all required science courses taken at Stockton. Required science courses taken at schools other than Stockton should be a letter grade of B or higher. The required Ethics course is waived for Stockton University Health Science graduates. Nursing courses taken at another institution will not be accepted for transfer. Transcripts will be evaluated on an individual basis.

Available Activities for Nursing Majors:

- Theta Sigma Chapter, Sigma Theta Tau,
The International Honor Society for Nursing
- Stockton University Nursing Club

Accreditation

The baccalaureate degree in nursing at Stockton University is accredited by:

The Commission on Collegiate Nursing Education
655 K Street, NW, Suite 750, Washington, DC, 20001
202-887-6791

Complaint Process

Applicants for admission and current students can submit program complaints to the New Jersey Board of Nursing, a subsidiary of the New Jersey Division of Consumer Affairs. Complaints may reach the Board of Nursing by writing to:

The New Jersey Office of the Attorney General Division of Consumer Affairs
New Jersey Board of Nursing
124 Halsey Street, 6th Floor, P.O. Box 45010
Newark, NJ 07101
