Galloway Township, NJ – The Richard Stockton College of New Jersey offers affordable, high quality test preparation courses for students who wish to pursue an advanced degree.

The graduate school Test Prep program at Richard Stockton College covers most of the required tests for entry into graduate and law schools, including GMAT, GRE or LSAT.

“Completing a Stockton test preparation course can give students an all-important edge to do well in the test and gain admission to law school or graduate programs,” said Nicole Milan-Tyner, Program Manager in the college’s Continuing Studies Division. “We offer very affordable classroom-based prep courses which help the participants to sharpen their knowledge base in areas where they need additional help or to reinforce what they have learned in their previous education”.

Each prep course is a total of 30-hours of instruction. Current Stockton students and Alumni receive a discount.

Courses are scheduled to begin in September. For more information about the Standardized Test Prep Program or to register for a prep course please visit www.stockton.edu/testprep or call 609.652.4227
