2015 – 2016 Student Senate Meeting Minutes
First: Minutes from October 25th, 2016 (Full)
Second: Minutes from Committee

President's Report to the Stockton Community:

November 15th, 2016

Statement on behalf of the Student Senate:

In light of recent events that have happened both on our campus and around the nation, we hope that all members of the Stockton community continually take part in the efforts to make this campus a safe and inclusive one. **The Student Senate unequivocally condemns all forms of harassment, threats, discrimination directed towards any members of the Stockton community. Racial slurs, hate crimes, bias crimes, and any behavior whatsoever that targets the race, religion, sexual orientation, or any other aspect of one's identity will not be tolerated.** We will work tirelessly to ensure that we make Stockton a safe place for all students.

On the evening of November 7th, a student informed me that a racist and derogatory term often directed at individuals of Asian descent was written in multiple places in the F Wing staircase area. Upon learning of this incident I immediately contacted key administrators who swiftly responded and took immediate action. Dr. Kesselman's mass message to the Stockton community illustrates Stockton's commitment to standing against behavior such as this one. I would also like to sincerely thank Chief of Police Cynthia Parker and the efforts of the Police Department as they continue to investigate this incident. I met with Chief Parker Wednesday and Friday of last week to discuss proper protocol and this specific incident. Along with other offices, Chief Parker and I will be working on an infographic that will serve as a guide for students who are unsure of what to do in situations such as this or when they are experiencing harassment or any other inappropriate behavior. We ask that you please immediately contact Campus Police when you feel unsafe or threatened. We hope to have this infographic finalized within the week.

Victoria and I met with a student group on Wednesday, November 9th to provide further support to students who have concerns in regards to the campus climate following the election. On Friday November 11th, I had the opportunity to meet with students who were discussing an incident in which a friend was harassed off campus. Additionally, although it is unclear of whether or not this incident was reported, it came to my attention

First: Minutes from October 25th, 2016 (Full)

Second: Minutes from Committee

that a Muslim student on campus was harassed for wearing a hijab. According to my sources student veterans that were present intervened. I am grateful to those students who stood up when they saw something unjust occur.

This past Friday evening on Veteran's Day, the Student Senate presented a special recognition to the Student Veterans of Stockton University. We deeply appreciate their service to our community and their everyday sacrifices for our great nation. We'd also like to thank Stockton's Veteran Affairs program led by Dean Tom O'Donnell for all that they do to provide an exceptional experience for our student veterans.

On Wednesday November 9th, Melanie Cucunato and I met with Trish Krevetski in regards to the opportunity for Stockton to become a Fair Trade campus. We will continue to explore the options for Chartwells/Follet to provide more fair trade products, as well as better advertise the certified products we already have on campus. We also recently heard of Trish's retirement and wish her the very best. Moving forward, our new contact for issues regarding Chartwells, shuttle services, etc. will be Jim Tierney, Associate VP of Business Services and Chief Budget Officer.

The first Campus Walk on November 9th, 11:30-12:45 was a success. We'd like to sincerely thank Dr. Harvey Kesselman for walking throughout campus and meeting new students. This unique opportunity also provided a means for students to have conversations with him and meet their President. Thank you to Senators Christina and Thomas for joining us. Following the Campus Walk, Dr. Kesselman and I had our monthly meeting in which we discussed updates and current projects in progress.

On November 2nd, Dr. Brian Tyrell and I had our monthly meeting in which we discussed the student appointments to the standing committees. We also discussed the topic of priority scheduling for athletes, which is currently a pilot program. In addition, I was also made aware that students with disabilities who are registered with the Learning Access Program also receive priority scheduling. On November 8th, I met with Dr. Denise O'Neil and James King to discuss adding an additional projector in the TRLC to improve the layout of the facility. This effort is in progress as the costs continue to be explored.

Dinner with the Dean on November 8th was with the Latin American Students Association. Student leaders at the dinner expressed their concerns in regards to more options for Weekend Dining, longer hours for the Campus Center, inconsistencies with the shuttle services, and becoming aware of students events and activities to stay engaged. Some suggested bringing back Student Development's "This Week at Stockton" newsletter. With Osprey Hub coming soon in January, we hope this issue will be alleviated. The Senate will continue to work on issues and concerns from the student body as they are brought to our attention.

Victoria and I along with the Senate Chairs recently returned from the Lead365 conference. This conference provided phenomenal sessions on leadership among many

other topics and we look forward to sharing all that we've learned on a presentation date that will soon be determined.

The next Wing Night date is being finalized. The Senate has invited Campus Police to join us on this occasion to create an informal setting to meet students, and serve as a bridge building opportunity.

Lastly, as a friendly reminder this Thursday will be the Annual Student Faculty and Staff Dinner which will be held 5-7 pm in the Campus Center Event Room. We hope that you will join us during this fun evening to have a delicious meal with a faculty or staff member who has positively impacted your experience at Stockton! We'd like to thank our co-sponsors, Student Development and the Campus Religious Council for the collaborative efforts thus far to make this dinner a success.

First: Minutes from October 25th, 2016 (Full)
Second: Minutes from Committee

Vice President's Report to the Stockton Community:

November 15th, 2016

Thank you all for your continuous support, it always warms my heart to see so many administrators interested in what we have to say and what is going on. I am not even going to speak on the election specifically but, I do believe that as University students we still have a lot of power and I would strongly encourage you to continue advocating for your special causes. In weird times like this shock, I think its appropriate to really show how well informed and educated we are, while our generation is overlooked many of times, we have a much different way of communicating, and social media often gives us the outlet to express our opinions more, but while others say we're too sensitive, I believe were humanly aware of the many differences we grew up with and continue to learn about and understand. Obama said it best, and the sun did rise, even though it was a cloudy day, but as well educated people, just be aware and always understand how powerful your voice can be, we will be the ones leading one.

We only have about a month left of this Fall semester '16, so make sure you study hard, use our resources if you're having difficulties. We have the tutoring center in J102, and Wellness Center counseling if your stress starts to get the best of you in J204! The Inter Club Council meeting I announced last meeting was moved, academia gets the first pick, so we got kicked out! However, the Inter Club Council meeting will be on December the 8th at 4:30-6pm in the Board of Trustees room, I urge all student leaders, clubs and organizations to come out, we will have some light refreshments, and make sure everybody is set up to have a successful spring semester!

The Public Relations committee would like to thank everyone for coming to this meeting; your attendance is appreciated. Public Relations is working on different outreach activities that will encourage student interactions with our senators including another Wing Night and Wear Stockton to show school spirit. Public Relations is also revamping the Student Senate bulletin board with a suggestion box to encourage students to voice their opinions and concerns anonymously. Lastly as a note, we would like to encourage all offices and clubs to feel freely to contact the Public Relations Committee if they need help advertising an event or if they would like student senate participation in any events.

Agenda:

The Student Affairs Committee tackled two big issues this month. Jeremy continued to work on the shuttle issues, especially for Chris Guapp residential students. A survey will be sent out to all Chris Guapp residents asking about the needs for an earlier morning shuttle in order to be able to get breakfast before their 8:30 am classes.

Camillo met with Information Technology and the Tutoring Center in order to begin talking about an online tutoring center for all students.

The committee welcomed Quad and Rawan and we discussed possible projects for them to begin working on. They both have lots of goals that they want to accomplish and I cannot wait to see what the rest of the semester holds!
